Notice Regarding Public Comment

Montana law requires school districts and other public agencies to include on the agenda for public meetings an item allowing public comment on any **public matter not otherwise specifically listed on the agenda** that is within the jurisdiction of the agency. The procedure for such comment can be found on the back of board agendas. As has also been the practice of the District, and in accordance with Montana law, if any member desires to speak to an item that is **specifically listed/identified on the agenda**, you will be allowed to do so when the item comes up for discussion and action. The public comment portion of the agenda is not the time designated to hear items that are specifically listed/identified on the agenda.

Depending on the number of persons who wish to address the Board, the Board Chairperson may place reasonable time limits on comments, in order to maintain and ensure effective and efficient operations of the Board.

By law the District cannot take any action on any matter discussed during the "public comment" portion of the meeting, until such time as the matter is specifically noticed on the agenda, and the public has been allowed the opportunity to comment.
